Email address

Telephone number

Applicants may be admitted to the Fine Silicate Ceramics certificate programme if they have completed a university degree. Applicants without a university degree may be admitted if they can provide evidence of a completed sector-specific vocational qualification or a higher education entrance qualification as well as relevant professional experience. The admission requirements are reviewed by the programme director.

Please attach the following documents to this application (in PDF format):

- Current curriculum vitae in tabular form
- Proof of university degree and/or sector-specific vocational qualification

Please send the form and all attachments via email to "studverw@hs-koblenz.de".

I hereby confirm that the information I have provided is correct and consent to the processing of my personal data. I have taken note of the [privacy policy](#).
